## **One lane closure on South Hubbards Lane due to obstruction in sewer line**

*Between 315 and 321 South Hubbards Lane*

LOUISVILLE, KY—MSD will close one lane of South Hubbards Lane due to an obstruction in a sewer line near the entrance to Waggener High School.

Southbound between 315 and 321 of South Hubbards Lane will close beginning tomorrow, October 24, at 9 AM.

There will be traffic control in the area.

Repairs are expected to be completed by 5 PM Friday, October 27.

### **About MSD**

The Louisville/Jefferson County Metropolitan Sewer District (MSD) works to achieve and maintain clean, environmentally safe waterways for a healthy and vibrant community. The organization's more than 600 employees provide wastewater management, drainage and flood protection services across the 376 square miles of Louisville Metro. In addition to operating and maintaining Louisville Metro's sewer system, floodwall system, water quality treatment centers and flood pumping stations, MSD invests in hundreds of infrastructure improvement projects each year, plants more than 1,000 trees and other vegetation annually to enhance water filtration and reduce runoff, and provides numerous outreach programs to inform and educate the community about protecting our waterways.
