## MSD offers FREE Louisville Green soil amendment—reservations required

LOUISVILLE, KY— Louisville Green is an earth-friendly soil amendment ideal for land applications from farms to lawns, landscapes and gardens. The soil amendment is a byproduct of the wastewater treatment process at MSD's Morris Forman Water Quality Treatment Center.

MSD is now offering Louisville Green FREE to residents of Kentucky or Indiana. However, you must receive the bulk product with a minimum order of 15 tons and provide secure transport. In addition, Louisville Green cannot be re-sold or distributed as fertilizer without proper registration. If the end-user intends to re-sell the product, they must provide appropriate documentation to MSD.

### Make a reservation by June 1, 2022

Interested parties should email [pellets@louisvillemsd.org](mailto:pellets@louisvillemsd.org) by June 1, 2022.

Please provide the following information in your email:

- Name
- Phone number
- Mailing address
- Address of End Use of Product
- How the product will be used, i.e. farms, golf course, etc.
- Email address for all correspondence
- Anticipated quantity of Louisville Green
- Fertilizer Registration documentation (if applicable)

MSD will respond to all emails with a pickup reservation date(s). The transport vehicle must not exceed 12-feet, 6-inches in height, and not allow any product leakage. In addition, individuals must comply with Louisville Green Best Management Practices, available at [LouisvilleMSD.org/LouisvilleGreen](http://LouisvilleMSD.org/LouisvilleGreen) under "Laboratory Analysis" and "Louisville Green Transportation Document." Customers will also receive a paper copy of the transportation document upon arrival at the facility.

### Louisville Green is available for pickup Monday through Friday, 7 AM to 3 PM at:

MSD Morris Forman Water Quality Treatment Center  
4522 Algonquin Parkway, Louisville, KY 40211

Since 2008, the National Biosolids Partnership, through third-party auditing companies, has certified MSD's solids processing and the Louisville Green Management System as meeting requirements for "exceptional quality" product.

For questions concerning availability call 502.540.6774. For other product information visit [LouisvilleMSD.org/LouisvilleGreen](https://LouisvilleMSD.org/LouisvilleGreen).

#### **About MSD**

The Louisville/Jefferson County Metropolitan Sewer District (MSD) works to achieve and maintain clean, environmentally safe waterways for a healthy and vibrant community. The organization's more than 670 employees provide wastewater management, drainage and flood protection services across the 376 square miles of Louisville Metro, and wastewater service in portions of Bullitt and Oldham counties. In addition to operating and maintaining Louisville Metro's sewer system, floodwall system, water quality treatment centers and flood pumping stations, MSD invests in hundreds of infrastructure improvement projects each year, plants more than 1,000 trees and other vegetation annually to enhance water filtration and reduce runoff, and provides numerous outreach programs to inform and educate the community about protecting our waterways.
