LOUISVILLE, KY – MSD’s clAIRity Community Meetings are back again this year, starting next Tuesday, April 22, to foster meaningful conversations with the community about odor management. Attendees can ask questions, share experiences, and hear updates on MSD’s ongoing and upcoming efforts to reduce odors. Discussions will focus on the factors contributing to odor and the steps MSD is taking to minimize their impact.

Your insight is invaluable and helps shape our ongoing efforts to minimize odors across the community.

Mark your calendar and plan to join us for the upcoming meetings:

- **Tuesday, April 22 | 6-7 p.m.**
- Tuesday, June 24 | 6-7 p.m.
- Thursday, August 28 | 6-7 p.m.
- Tuesday, October 14 | 6-7 p.m.
- Thursday, October 30 | 6-7 p.m.

**All meetings will be held at MSD’s new office, located at
1600 W. Hill Street in the Park Hill neighborhood.**

For more information or to report an odor, visit LouisvilleMSD.org/odor or call 502.540.6000.

About MSD

The Louisville/Jefferson County Metropolitan Sewer District (MSD) works to achieve and maintain clean, environmentally safe waterways for a healthy and vibrant community. The organization’s nearly 740 employees provide wastewater management, drainage and flood protection services across the 376 square miles of Louisville Metro, and wastewater service in portions of Bullitt and Oldham counties. In addition to operating and maintaining Louisville Metro’s sewer system, floodwall system, water quality treatment centers and flood pumping stations, MSD invests in hundreds of infrastructure improvement projects each year, plants more than 1,000 trees and other vegetation annually to enhance water filtration and reduce runoff, and provides numerous outreach programs to inform and educate the community about protecting our waterways.
