## **Story Avenue Lane Closure Beginning August 15**

Beginning August 15, 2017, one lane of Story Avenue will be closed, in phases, from the intersection at Frankfort Avenue to the intersection at Cable Street. The closures are to accommodate continued work on MSD's Clifton Heights Force Main Extension Project. The first phase, beginning on August 15<sup>th</sup>, will be between the intersection at Frankfort Avenue to the intersection of Spring Street. Temporary traffic signals will be in place to direct traffic flow. The one lane closures are anticipated to continue through January 2018.

### **About MSD**

The Louisville/Jefferson County Metropolitan Sewer District (MSD) works to achieve and maintain clean, environmentally safe waterways for a healthy and vibrant community. The organization's more than 600 employees provide wastewater management, drainage and flood protection services across the 376 square miles of Louisville Metro. In addition to operating and maintaining Louisville Metro's sewer system, floodwall system, water quality treatment centers and flood pumping stations, MSD invests in hundreds of infrastructure improvement projects each year, plants more than 1,000 trees and other vegetation annually to enhance water filtration and reduce runoff, and provides numerous outreach programs to inform and educate the community about protecting our waterways.
